## DE Sicherheitshinweise

Einbauöffnungen sind durch geeigneten Abdeckungen zu verschließen.

**Schnittgefahr durch Blechkanten!**

### Achtung

Produktschäden durch nicht fachgerechte Montage.

- Um Schalungselemente keine Randdämmstreifen anbringen.

## FR Consignes de sécurité

Fermer les ouvertures de montage à l'aide de caches appropriés.

**Risque de coupure sur les arêtes des tôles !**

### Attention

Endommagement du produit dû à un montage non conforme.

- Ne pas poser de bande d'isolation périphérique autour des éléments de coffrage.

## EN Safety instructions

Installation openings are to be closed off with suitable covers.

**Risk of cutting from metal edges!**

### Caution

Product damage due to improper mounting.

- Do not apply perimeter insulating strips around false frames.

## PL Zasady bezpieczeństwa

Otwory montażowe należy zamknąć odpowiednimi osłonami.

**Niebezpieczeństwo zacięcia krawędziami blachy!**

### Uwaga

Uszkodzenia produktu spowodowane przez nieprawidłowy montaż.

- Nie zakładać dylatacji izolacyjnej wokół elementów szalunkowych.
