An explanation of defect must be included when returning goods.

Front

Shaver Socket

INPUT	OUTPUT
230V~	L1. N 230V~
	L2. N 115V~

Specifications

- Voltage: 230V~
- Compliance: BS EN 61558-2-5

Mounting instruction

1. This product is designed to use in bathrooms and washrooms and incorporate a double wound isolating transformer for an earth free supply. Input 230V~, output dual voltage 230V~ and 115V~, outlets rating, 20VA on either voltage.
2. Primary circuit is protected by a self-resetting thermal overload device. Insertion of shaver plug automatically switches on the transformer, removal automatically switches it off. A positive interlock prevents 2 plugs being inserted simultaneously.
3. Installation should **only be performed by a competent electrician** and comply with the local wiring regulations in force at the time of installation.
4. Suitable for standard box depth $\geq 47\text{mm}$.
5. (Indoor usage only)

WIS0066C10

Back — folded line
