

16258982

Rocker 2gang imprinted arrow symbol, S.1, white glossy

Technical Features

Materials Colour W RAL code 1 Surface finish Glo Material Duropla Treatment Untrea Dimensions Height 54.90 Width 55.70 Depth 22 t Connectivity Mounting type Clamp mount Equipment Monitoring window/light outlet Accessories If Has labelling field Safety Ingress Protection (IP) class If Impact resistance IK If Texts Installation mode Clamp faster Push button Also for KNX applications: push-button, 2-g Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free	Architecture	
Colour W RAL code 1 Surface finish Glo Material Duropla Treatment Untrea Dimensions Height 54.90 m Width 55.70 m Depth 22 m Connectivity Mounting type Clamp mount Equipment Monitoring window/light outlet Accessories Has labelling field Safety Impact resistance IK If Texts Imprint With imprinted symbol array installation mode Clamp faster Push button Also for KNX applications: push-button, 2-g Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free	Control/operation element	Double rocker
RAL code 1 Surface finish Glo Material Duropla Treatment Untrea Dimensions Height 54.90 ft Width 55.70 ft Depth 22 ft Connectivity Mounting type Clamp mount Equipment Monitoring window/light outlet Accessories Has labelling field Safety Imprises Protection (IP) class If Impact resistance IK If Texts Imprint With imprinted symbol arrow Installation mode Clamp faster Push button Also for KNX applications: push-button, 2-g Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free	Materials	
Surface finish Glo Material Duropla Treatment Untrea Dimensions Height 54,90 mount 55,70 mounting type Clamp mount Equipment Mounting type Clamp mount Equipment Monitoring window/light outlet Accessories Has labelling field Safety Ingress Protection (IP) class If Impact resistance IK If Impact resistance IK If Impact resistance IK If Installation mode Clamp faster Push button Also for KNX applications: push-button, 2-g. Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free	Colour	White
Material Duropla Treatment Untrea Dimensions Height 54.90 i Width 55.70 i Depth 22 i Connectivity Mounting type Clamp moun Equipment Monitoring window/light outlet Accessories Has labelling field Safety Ingress Protection (IP) class If Impact resistance IK If Impact resistance IK If Impact Installation mode Clamp faster Push button Also for KNX applications: push-button, 2-g. Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free	RAL code	1013
Treatment Untrea Dimensions Height 54.90 t Width 55.70 t Depth 22 t Connectivity Mounting type Clamp mount Equipment Monitoring window/light outlet Accessories Has labelling field Safety Ingress Protection (IP) class If Impact resistance IK If Impact resistance IK If Impact Im	Surface finish	Glossy
Dimensions Height 54.90 t Width 55.70 t Depth 22 t Connectivity Mounting type Clamp mount Equipment Monitoring window/light outlet Accessories Has labelling field Safety Ingress Protection (IP) class If Impact resistance IK If Installation mode Clamp faster Push button Also for KNX applications: push-button, 2-g. Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free	Material	Duroplastic
Height 54.90 mounts (1997) Width 55.70 mounts (1997) Connectivity Mounting type Clamp mounts (1997) Equipment Monitoring window/light outlet Accessories Has labelling field Safety Ingress Protection (IP) class If Impact resistance IK Impact resistance IK Imprint With imprinted symbol arrow Installation mode Clamp faster Push button Also for KNX applications: push-button, 2-g. Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free	Treatment	Untreated
Width 55.70 n Depth 22 n Depth 22 n Connectivity Mounting type Clamp moun Equipment Monitoring window/light outlet Accessories Has labelling field Safety Ingress Protection (IP) class If Impact resistance IK Impact resistance IK Texts Imprint With imprinted symbol arror Installation mode Clamp faster Push button Also for KNX applications: push-button, 2-g. Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free	Dimensions	
Connectivity Mounting type Clamp mount Equipment Monitoring window/light outlet Accessories Has labelling field Safety Ingress Protection (IP) class Impact resistance IK Imprint With imprinted symbol arrow Installation mode Clamp faster Push button Also for KNX applications: push-button, 2-g. Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free	Height	54.90 mm
Connectivity Mounting type Clamp mount Equipment Monitoring window/light outlet Accessories Has labelling field Safety Ingress Protection (IP) class Impact resistance IK Imprint With imprinted symbol arror installation mode Clamp faster Push button Also for KNX applications: push-button, 2-g. Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free	Width	55.70 mm
Mounting type Clamp mount Equipment Monitoring window/light outlet Accessories Has labelling field Safety Ingress Protection (IP) class Impact resistance IK Impact resistance IK Imprint With imprinted symbol arrow installation mode Push button Also for KNX applications: push-button, 2-g. Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free	Depth	22 mm
Equipment Monitoring window/light outlet Accessories Has labelling field Safety Ingress Protection (IP) class Impact resistance IK Impact resistance IK Imprint With imprinted symbol arrounds and installation mode Clamp faster Push button Also for KNX applications: push-button, 2-grounds Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free	Connectivity	
Monitoring window/light outlet Accessories Has labelling field Safety Ingress Protection (IP) class Impact resistance IK IN Texts Imprint Installation mode Installation mode Vian button Also for KNX applications: push-button, 2-g. Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free	Mounting type	Clamp mounting
Accessories Has labelling field Safety Ingress Protection (IP) class Impact resistance IK Impact resistance IK Imprint Installation mode Installation mod	Equipment	
Has labelling field Safety Ingress Protection (IP) class Impact resistance IK Import resistance IK With imprinted symbol arrounds and installation mode Installation mode Clamp faster Push button Also for KNX applications: push-button, 2-growth and installation for S.x/B.x Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free		No
Has labelling field Safety Ingress Protection (IP) class Impact resistance IK Import resistance IK With imprinted symbol arrounds and installation mode Installation mode Clamp faster Push button Also for KNX applications: push-button, 2-growth and installation for S.x/B.x Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free	Accessories	
Safety Ingress Protection (IP) class Impact resistance IK Texts Imprint Installation mode Installation mode Push button Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free		No
Ingress Protection (IP) class Impact resistance IK Texts Imprint Installation mode Installation mode Push button Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free		
Impact resistance IK Texts Imprint With imprinted symbol arrounds Installation mode Clamp faster Push button Also for KNX applications: push-button, 2-gets Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free		IP20
Texts Imprint With imprinted symbol arro Installation mode Clamp faster Push button Also for KNX applications: push-button, 2-g. Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free		IK02
Imprint With imprinted symbol arrow Installation mode Clamp faster Push button Also for KNX applications: push-button, 2-green S.x/B.x Sustainability Halogen free REACh-SVHC free		INUZ
Installation mode Clamp faster Push button Also for KNX applications: push-button, 2-gr Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free		
Push button Also for KNX applications: push-button, 2-gases 2	<u> </u>	
Suitable for S.x/B.x Sustainability Halogen free REACh-SVHC free		
S.x/B.x Sustainability Halogen free REACh-SVHC free	Push button	Also for KNX applications: push-button, 2-gang
S.x/B.x Sustainability Halogen free REACh-SVHC free	Suitable for	
Sustainability Halogen free REACh-SVHC free		
Halogen free REACh-SVHC free	0. <i>N</i>	
REACh-SVHC free	Sustainability	
	Halogen free	Yes
RoHS conform	REACh-SVHC free	Yes
	RoHS conform	Yes
