

HXC004H

Shunt trip Release 200-240V AC (h250-h400-h630-h800-h1000)

Technical Features

Power

| | |
|-----------------------|---------|
| Inrush power absorbed | 3.36 VA |
|-----------------------|---------|

Safety

| | |
|-------------------------------|------|
| Ingress Protection (IP) class | IP4X |
|-------------------------------|------|

Voltage

| | |
|--------------------|-------------|
| Command voltage AC | 220 - 240 V |
|--------------------|-------------|

| | |
|--------------------|---------|
| Command voltage DC | 0 - 0 V |
|--------------------|---------|

| | |
|------------------------------|-------------|
| Rated operational voltage Ue | 220 - 240 V |
|------------------------------|-------------|

| | |
|---------------------------------|---------|
| Rated operational voltage in DC | 0 - 0 V |
|---------------------------------|---------|
