

L520FFG01-600

Glaszekering Ø 5 x 20 mm FF 1,6 A 250 V

Technische eigenschappen

**Zekering**

|                  |        |
|------------------|--------|
| Zekeringsgrootte | 5 x 20 |
|------------------|--------|

**Stroom / temperatuur**

|                 |        |
|-----------------|--------|
| Nominale stroom | 1,60 A |
|-----------------|--------|

**Vermogen**

|                                  |        |
|----------------------------------|--------|
| Totaal vermogensverlies onder IN | 0,70 W |
|----------------------------------|--------|

**Spanning**

|                   |             |
|-------------------|-------------|
| Type voeding      | AC          |
| Nominale spanning | 250 - 250 V |

**Duurzaamheid**

|                 |    |
|-----------------|----|
| REACH-SVHC vrij | Ja |
| RoHS conform    | Ja |
