

JF864BSW

630A 4 Pole Isolator Incomer Kit

Technical Features

Materials

|          |                                                             |
|----------|-------------------------------------------------------------|
| Material | Acrylonitrile-Butadiene-Styrene (ABS)<br>Polycarbonate (PC) |
|----------|-------------------------------------------------------------|

Electric current

|               |       |
|---------------|-------|
| Rated current | 630 A |
|---------------|-------|

Architecture

|                 |   |
|-----------------|---|
| Number of poles | 4 |
|-----------------|---|

Sustainability

|                 |     |
|-----------------|-----|
| REACH-SVHC free | Yes |
| RoHS conform    | Yes |
