## Load break switch 4P 125A

## **Technical Features**

| EI | ectric | current |
|----|--------|---------|
|    |        |         |

| Electric current  |                    |
|---|--------------------|
| Rated current   | 125 A              |
| Rated short-time withstand current lcw IEC 60947                                | 7 kA               |
| Acceptable current rating AC21  | 125 A              |
| Acceptable current rating AC21 category A                                       | 125 A              |
| Acceptable current rating AC21 category B                                       | 125 A              |
| Acceptable current rating AC22 category A                                       | 125 A              |
| Acceptable current rating AC22 category B                                       | 125 A              |
| Acceptable current rating AC23 category A                                       | 125 A              |
| Acceptable current rating AC23 category B                                       | 125 A              |
| Rated short-circuit making capacity lcm under 415 V AC according to IEC 60947-3 | 11.90 kA           |
| Rated short-time withstand current lcw 1s IEC 60947                             | 7 kA               |
| Architecture  |                    |
| Number of poles   | 4                  |
| Control/operation element   | Long rotary handle |
| Device construction type  | Fixed built-in     |
| Type of pole  | <u>4P</u>          |
| Dimensions  |                    |
| Height  | 135 mm             |
| Width   | 120 mm             |
| Depth   | 170 mm             |
| Cover, door   |                    |
| Interlockable   | Yes                |
| Safety  |                    |
| Ingress Protection (IP) class   | IP00               |
| Connection  |                    |
| Cross-section rigid conductor   | 50 mm² max.        |
| Cross-section flexible conductor  | 50 mm²             |
| Voltage   |                    |
| Rated insulation voltage Ui   | 800 V              |
| Rated impulse withstand voltage Uimp  | 8000 V             |
| Rated operational voltage Ue  | 380 - 415 V        |
| Davies.   |                    |
| Power Power loss now note at in   | 1.00 W             |
| Power loss per pole at In  Total power loss under IN                            | 1.80 W<br>5.40 W   |
| Rated operational power under 400 V AC AC1                                      | 82000 W            |
| Rated operational power under 400 V AC AC1                                      | 56000 W            |
| Controls and indicators   |                    |
| Motor drive integrated  | No                 |
| Motor univernitegrated  |                    |
| Use conditions  | 20, 70,00          |
| Operating temperature   | -20 - 70 °C        |
| Frequency   |                    |
| Frequency   | 50 - 60 Hz         |
| Functions   |                    |
| Is reversing switch   | No                 |
| Version as emergency stop installation  | No                 |
| Version as main switch  | Yes                |
| Version as maintenance/service switch   | Vec                |

Version as maintenance/service switch

## Product Datasheet HA451

Halogen free

RoHS conform

REACh-SVHC free

Yes

Yes

Yes

## **Functions** Yes Version as safety switch Version as switch disconnector compact Yes Equipment Motor drive optional No 0 Number of auxiliary contacts as change-over contact 0 Number of auxiliary contacts as normally closed contact Number of auxiliary contacts as normally open contact 0 Installation, mounting Nominal tightening torque 9 - 9.9 Nm Sustainability
