4587

FCC soc. out. 8/8pole shielded, cat.6 iso, com-tech

Technical Features

Frequency

Transmission bandwidth	500 - 500 MHz

Equipment

Number of outputs	2

Use conditions

Operating temperature	-40 - 70 ℃

Connection

Connector/plug type	LSA+ terminal

Safety

Ingress Protection (IP) class	IP20

Voltage

Rated voltage	72 V

Electric current

Rated current	1 A

Dimensions

Built-in depth	31 mm

Texts

Outlet	With 45° oblique outlet
Voltage	Suitable for PoE+
Installation mode	Screw fastening via supporting plate Without spreader claws
Protection	No
Supporting plate/supporting ring	External eyelets on the supporting ring can be broken off for round designs
Type of connection	With LSA + terminals

Sustainability

Halogen free	Yes
REACh-SVHC free	Yes
RoHS conform	Yes
