

383210

Push-button for blinds 2pole for lock cylinder, blind control

Technical Features

Controls and indicators

Venetian blind switch type	2-pole push button
----------------------------	--------------------

Materials

Surface finish	Matt
Material	Metal Plastic
Treatment	Untreated

Voltage

Rated voltage	250 V
---------------	-------

Electric current

Switching current	10 A
Switching current	10 A

Safety

Ingress Protection (IP) class	IP20
-------------------------------	------

Texts

Type of connection	With screw terminals
Installation mode	For screw fastening Without spreader claws

Suitable for

B.3 / B.7 / K.1 / K.5 / Q.1 / Q.3 / Q.7 / R.1 / R.3 / R.8 / S.1

Sustainability

Halogen free	Yes
REACH-SVHC free	Yes
RoHS conform	Yes
