

HXA002H

Shunt trip 48V DC (x160-P160-x250-P250-x630-P630)

Technical Features

Power

Inrush power absorbed	1.44 VA
-----------------------	---------

Safety

Ingress Protection (IP) class	IP4X
-------------------------------	------

Voltage

Command voltage AC	0 - 0 V
--------------------	---------

Command voltage DC	48 - 48 V
--------------------	-----------

Rated operational voltage Ue	0 - 0 V
------------------------------	---------

Rated operational voltage in DC	48 - 48 V
---------------------------------	-----------

Sustainability

REACH-SVHC free	Yes
-----------------	-----

RoHS conform	Yes
--------------	-----
