

EEA001A

**External dimmer 500W for IP Roombox**

**Technical Features**

**Voltage**

Rated operational voltage U <sub>e</sub>	230 - 230 V
--	-------------

**Frequency**

Frequency	50 - 60 Hz
-----------	------------

**Materials**

Colour	White
RAL code	9001
Material	Thermoplastic

**Dimensions**

Height	85 mm
Depth	62 mm

**Architecture**

Control/operation element	Single push button
---------------------------	--------------------

**Power**

Power incandescent lamp	500 - 500 W
-------------------------	-------------

**Use conditions**

Operating temperature	-20 - 50 °C
-----------------------	-------------

**Capacity**

Number of modules	2
-------------------	---

**Texts**

Dimming principle	Automatic setting of load-dependent switching principle (autodetect process)
Type of connection	With screw terminals
