

WMMPIR05X

PIR 5m Detection Euromodule White

Technical Features

Dimensions

Installation height	2.40 - 2.40 m
---------------------	---------------

Detection

Type of sensor	Movement detector
----------------	-------------------

Materials

Colour	White
Surface finish	Glossy
Treatment	Untreated
Material	Duroplastic

Reach distance

Max. transmission range frontally	5 m
Max. transmission range sideways	5 m

Settings

Response brightness adjustable	Yes
--------------------------------	-----

Safety

Ingress Protection (IP) class	IP20
-------------------------------	------

Connectivity

Connectable	No
-------------	----

Sustainability

Halogen free	Yes
REACH-SVHC free	Yes
RoHS conform	Yes
