

WGDR32D1NB

## 32A DP SWITCH W/ LED, NB

## **Technical Features**

| Voltage                       |            |
|-------------------------------|------------|
| Rated voltage                 | 250 V      |
| Frequency                     |            |
| Frequency                     | 50 - 60 Hz |
| Materials                     |            |
| Colour                        | Bronze     |
| Surface finish                | Matt       |
| Safety                        |            |
| Ingress Protection (IP) class | IP20       |
| Electric current              |            |
| Rated current                 | 32 A       |
| Sustainability                |            |
| Halogen free                  | Yes        |
| REACh-SVHC free               | Yes        |
| RoHS conform                  | Yes        |
