

JFB403U

Enclosed Fuse combin. switch TPSN 32A

Technical Features

Electric current

|               |      |
|---------------|------|
| Rated current | 32 A |
|---------------|------|

Architecture

|                           |                    |
|---------------------------|--------------------|
| Number of poles           | 4                  |
| Control/operation element | Long rotary handle |

Voltage

|                                |       |
|--------------------------------|-------|
| Rated insulation voltage $U_i$ | 800 V |
|--------------------------------|-------|

Safety

|                               |      |
|-------------------------------|------|
| Ingress Protection (IP) class | IP41 |
|-------------------------------|------|

Fuse

|           |    |
|-----------|----|
| Fuse size | A1 |
|-----------|----|

Dimensions

|        |        |
|--------|--------|
| Height | 250 mm |
| Width  | 200 mm |

Sustainability

|                 |     |
|-----------------|-----|
| REACH-SVHC free | Yes |
|-----------------|-----|
