

## Technische Eigenschaften

|                                |      |
|--------------------------------|------|
| IP-Klasse (Ingress Protection) | IP4X |
|--------------------------------|------|

|                         |       |
|-------------------------|-------|
| Versorgungsspannungsart | AC/DC |
|-------------------------|-------|

|                          |       |
|--------------------------|-------|
| Isolationsspannung $U_i$ | 690 V |
|--------------------------|-------|

|                                   |        |
|-----------------------------------|--------|
| Stoßspannungsfestigkeit $U_{imp}$ | 1500 V |
|-----------------------------------|--------|

REACH-SVHC frei Ja

|              |    |
|--------------|----|
| RoHS-konform | Ja |
