

CDA240SC

## RCCB auto reclosing 1P+N 40A 30mA A 3M

## **Technical Features**

| Architecture   |                            |
|--|----------------------------|
| Type of pole   | 1P+N                       |
| Electric current   |                            |
| Rated current  | 40 A                       |
| Rated residual operating current Idn                                   | 30 mA                      |
| Breaking and opening capacity ldm                                      | 0.63 kA                    |
| Rated conditional short-circuit current Inc according to EN61008-1     | 6 kA                       |
| Rated current -25°C  | 40 A                       |
| Rated current at -20°C   | 40 A                       |
| Rated current -15°C  | 40 A                       |
| Rated current -10°C  | 40 A                       |
| Rated current -5°C   | 40 A                       |
| Rated current at 0°C   | 40 A                       |
| Rated current 5°C  | 40 A                       |
| Rated current 10°C   | 40 A                       |
| Rated current 15°C   | 40 A                       |
| Rated current at 20°C  | 40 A                       |
| Rated current 25°C   | 40 A                       |
| Rated current 30°C   | 40 A                       |
| Rated current 35°C   | 40 A                       |
| Rated current at 40°C  | 40 A                       |
|  | 1071                       |
| Installation, mounting   |                            |
| Nominal tightening torque top terminal                                 | 2 - 2 Nm                   |
| Nominal tightening torque down terminal                                | 2 - 2 Nm                   |
| Voltage  |                            |
| Rated operational voltage Ue   | 230 - 230 V                |
| Type voltage supply  | AC                         |
| Rated insulation voltage Ui  | 500 V                      |
| Rated impulse withstand voltage Uimp                                   | 4000 V                     |
| Max. operating voltage   | 253 V                      |
| Frequency  |                            |
| Frequency  | 50 - 50 Hz                 |
|  |                            |
| Capacity   |                            |
| Number of modules  | 3                          |
| Compatibility  |                            |
| Suitable for DIN Rail  | Yes                        |
| Safety   |                            |
| Residual current type  | A                          |
| Ingress Protection (IP) class  | IP20                       |
| Installation, mounting   |                            |
| Nominal tightening torque  | 2 - 2 Nm                   |
| Connection   |                            |
| Cross-section of input and output with screws, for massive conductors  | 1.5 - 35.0 mm <sup>2</sup> |
| Cross-section of input and output with screws, for flexible conductors | 1.5 - 35.0 mm²             |
| Power  |                            |
| Total power loss under IN  | 5.40 W                     |
|  |                            |
| Use conditions Air humidity protection                                 | 95%/55°C                   |
| Max. Altitude  | 2000 m                     |
| a.,au  | 2000 111                   |

## Product Datasheet CDA240SC

| Endurance                              |                |
|--|----------------|
| Electric endurance in number of cycles | 1000           |
| Number of mechanical operations        | 4000           |
| Connectivity                           |                |
| Type of connection                     | Screw terminal |
| Dimensions                             |                |
| Height                                 | 106 mm         |
| Width                                  | 54 mm          |
| Depth                                  | 75 mm          |
