

EK723

Thermal drive 230V for M30x1,5 valves

Technical Features

Frequency

Frequency	50 - 60 Hz
-----------	------------

Cable

Cable length	200 m
--------------	-------

Dimensions

Dimensions	64 x 42 mm
------------	------------

Voltage

Nominal voltage	230 - 230 V
-----------------	-------------

Use conditions

Operating temperature	0 - 50 °C
-----------------------	-----------
