## **Product Datasheet** JK106BF

Yes

JK104\_6\_8\_BF\_BD

## 125A 6 Way IP65 GRP TPN Board

## **Technical Features**

Sustainability RoHS conform

| Technical Features                    |                                       |
|---------------------------------------|---------------------------------------|
| Dimensions                            |                                       |
| Height                                | 800 mm                                |
| Width                                 | 600 mm                                |
| Depth                                 | 300 mm                                |
| Safety                                |                                       |
| Ingress Protection (IP) class         | IP65                                  |
| Protection class                      | Isolation class II                    |
| Locking type                          | Barrel lock<br>Key lock               |
| Impact resistance IK                  | IK05                                  |
| Installation, mounting                | Curfo on monunting                    |
| Mounting on                           | Surface mounting                      |
| Suitable for outdoor usage            | No                                    |
| Materials                             |                                       |
| Colour                                | Light grey                            |
| RAL code                              | 7035                                  |
| Material                              | Plastic                               |
| Cover, door                           |                                       |
| Door/cover is transparent             | No                                    |
| Electric current                      |                                       |
| Rated current                         | 125 A                                 |
