

FP23TN2

Enclosure, univers, IP44,Protecion class1, 1950x800x205mm, empty

Technical Features

Dimensions

Height	1950 mm
Width	800 mm
Depth	205 mm
Thickness of sidewall	1 mm

Safety

Ingress Protection (IP) class	IP44
Protection class	Isolation class I
Locking type	Without lock
Impact resistance IK	IK09

Equipment

Number of section in width	3
Number of flange plate openings	6

Installation, mounting

Mounting on	Floor mounting
Suitable for outdoor usage	No

Materials

Colour	Pure white
RAL code	9010
Treatment	Powder coated
Material	Steel

Equipment

Number of rows	12
----------------	----

Cover, door

Number of cabinet doors	2
Number of locks	1
Door/cover is transparent	No

Electric current

Rated current	400 A
---------------	-------

Sustainability

RoHS conform	Yes
