## WGDT1RJ5IG

WGDT1RJ5IG

### RJ45 outlet cat5e (1mod);ig

#### Technical Features

##### Frequency

|                        |           |
|------------------------|-----------|
| Transmission bandwidth | 0-100 MHz |
|------------------------|-----------|

##### Equipment

|                               |    |
|-------------------------------|----|
| With transparent label holder | No |
| Number of outputs             | 1  |

##### Use conditions

|                       |           |
|-----------------------|-----------|
| Operating temperature | -20-45 °C |
|-----------------------|-----------|

##### Equipment

|                 |    |
|-----------------|----|
| With hinged lid | No |
|-----------------|----|

##### Materials

|        |                   |
|--------|-------------------|
| Colour | Interstellar grey |
|--------|-------------------|

##### Connection

|                     |      |
|---------------------|------|
| Connector/plug type | RJ45 |
|---------------------|------|

##### Materials

|          |                    |
|----------|--------------------|
| Material | Polycarbonate (PC) |
|----------|--------------------|

##### Safety

|                               |      |
|-------------------------------|------|
| Ingress Protection (IP) class | IP20 |
|-------------------------------|------|

##### Voltage

|               |     |
|---------------|-----|
| Rated voltage | 0 V |
|---------------|-----|

##### Sustainability

|                 |     |
|-----------------|-----|
| REACH-SVHC free | Yes |
| RoHS conform    | Yes |
