### UVR delayed 380-450V AC (x160-P160-x250-P250-x630-P630)

#### Technical Features

##### Power

Inrush power absorbed	2.30 VA
-----------------------	---------

##### Safety

Ingress Protection (IP) class	IP4X
-------------------------------	------

##### Voltage

Command voltage AC	380 - 450 V
--------------------	-------------

Command voltage DC	0 - 0 V
--------------------	---------

##### Functions

Delayed	Yes
---------	-----
