### UVR delayed 110-120V AC (x160-P160-x250-P250-x630-P630)

#### Technical Features

##### Power

Inrush power absorbed	1.40 VA
-----------------------	---------

##### Safety

Ingress Protection (IP) class	IP4X
-------------------------------	------

##### Voltage

Command voltage AC	110 - 120 V
--------------------	-------------

Command voltage DC	0 - 0 V
--------------------	---------

##### Functions

Delayed	Yes
---------	-----
