

HXA011H

**Undervoltage release 24V DC (x160-P160-x250-P250-x630-P630)**

**Technical Features**

**Power**

|                       |         |
|-----------------------|---------|
| Inrush power absorbed | 0.56 VA |
|-----------------------|---------|

**Safety**

|                               |      |
|-------------------------------|------|
| Ingress Protection (IP) class | IP4X |
|-------------------------------|------|

**Voltage**

|                    |         |
|--------------------|---------|
| Command voltage AC | 0 - 0 V |
|--------------------|---------|

|                    |           |
|--------------------|-----------|
| Command voltage DC | 24 - 24 V |
|--------------------|-----------|

**Functions**

|         |    |
|---------|----|
| Delayed | No |
|---------|----|
