

KRN163

Neutral connecting block 63A

Technical Features

Dimensions

Height	83.50 mm
Width	17.50 mm
Depth	60 mm

Connection

Cross-section rigid conductor	25 mm ²
-------------------------------	--------------------

Installation, mounting

Nominal tightening torque	2.80 - 2.80 Nm
---------------------------	----------------

Electric current

Rated current	63 A
---------------	------

Architecture

Number of poles	1
-----------------	---

Sustainability

REACH-SVHC free	Yes
RoHS conform	Yes
