REN610X

VIDEO module built-in 2-wire stainless steel matt modesta

Technical Features

Connectivity
Mounting type	Built in installation

Materials
Surface finish	Matt
Material	Metal
	Stainless steel

Controls and indicators
Number of call buttons	0

Voltage
Operating voltage	24 - 24 V

Power
Power consumption during operation	5.80 VA

Dimensions
Dimensions	120 x 120 mm
Height	120 mm
Width	120 mm
Depth	36 mm
Camera dome diameter	33 mm

Use conditions
Operating temperature	-20 - 55 ℃
Storage/transport temperature	-30 - 80 ℃

Power
Power consumption standby	0.14 W

Functions
Function	Viewing

Compatibility
Installation technique for door communication	2-wire

Connection
Conductor cross-section	0 - 0 mm²

Equipment
Modular construction	Yes

Texts
Installation mode	Installation in surface-mounted or flush-mounted housings
Junction	Pluggable connection terminal block with screw terminals Connection for module Connecting cable
Lighting	Invisible, glare-free IR LED night lighting
Protection	Loudspeaker and microphone protected against sabotage
