

L5085

Rivet for clamping strength hole 4mm halogenfree made of POM 2-5mm light grey

Technical Features

Configuration

Type of expanding rivet	Percussion rivet
-------------------------	------------------

Dimensions

Diameter hole	4 - 4 mm
---------------	----------

Connection

Clamping range	2 - 5 mm
----------------	----------

Functions

Dismantling possible	No
----------------------	----

Materials

Material	Polyoxymethylene (POM)
Colour	Grey

Sustainability

REACH-SVHC free	Yes
RoHS conform	Yes
