Product Datasheet WPB6840W

WPB6840W

Two Row Twin Back Box without Knockouts White

Technical Features

Dimensions Height Width Depth Equipment With cable entry Installation, mounting Mounting-/Connection Position Mounting on Surface m Accessories With frame cover Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	Capacity	
Colour Surface finish Material Treatment An Dimensions Height Width Depth Equipment With cable entry Installation, mounting Mounting-/Connection Position Mounting on Accessories With frame cover Safety Ingress Protection (IP) class Sustainability REACh-SVHC free		0
Surface finish Material Treatment Al Dimensions Height Width Depth Equipment With cable entry Installation, mounting Mounting-/Connection Position Mounting on Accessories With frame cover Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	Materials	
Material Treatment An Dimensions Height Width Depth Equipment With cable entry Installation, mounting Mounting-/Connection Position Mounting on Surface m Accessories With frame cover Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	Colour	White
Treatment Ad Dimensions Height Width Depth Equipment With cable entry Installation, mounting Mounting-/Connection Position Mounting on Accessories With frame cover Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	Surface finish	Glossy
Dimensions Height Width Depth Equipment With cable entry Installation, mounting Mounting-/Connection Position Mounting on Surface m Accessories With frame cover Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	Material	Metal
Height Width Depth Equipment With cable entry Installation, mounting Mounting-/Connection Position Mounting on Surface m Accessories With frame cover Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	Treatment	Anodised
Width Depth Equipment With cable entry Installation, mounting Mounting-/Connection Position Mounting on Surface m Accessories With frame cover Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	Dimensions	
Depth Equipment With cable entry Installation, mounting Mounting-/Connection Position Mounting on Surface m Accessories With frame cover Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	Height	146 mm
Equipment With cable entry Installation, mounting Mounting-/Connection Position Howard Mounting on Surface management Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	Width	146 mm
With cable entry Installation, mounting Mounting-/Connection Position Howard Mounting on Surface many Mounting on Surfa	Depth	41 mm
Installation, mounting Mounting-/Connection Position Mounting on Surface m Accessories With frame cover Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	Equipment	
Mounting-/Connection Position Mounting on Surface m Accessories With frame cover Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	With cable entry	Yes
Mounting on Surface m Accessories With frame cover Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	Installation, mounting	
Accessories With frame cover Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	Mounting-/Connection Position	Horizontal
With frame cover Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	Mounting on	Surface mounting
Safety Ingress Protection (IP) class Sustainability REACh-SVHC free	Accessories	
Ingress Protection (IP) class Sustainability REACh-SVHC free	With frame cover	No
Sustainability REACh-SVHC free	Safety	
REACh-SVHC free	Ingress Protection (IP) class	IP20
	Sustainability	
RoHS conform	REACh-SVHC free	Yes
To lo comoni	RoHS conform	Yes
