

168055

LED module for Down Light lighting, Q.7, transparent

Technical Features

Voltage

Nominal voltage	230 - 230 V
-----------------	-------------

Dimensions

Height	95 mm
Width	95 mm
Depth	6.50 mm

Power

Current consumption	6 mA
---------------------	------

Installation, mounting

Mounting on	Module insert 230 V AC
-------------	------------------------

Materials

Colour	White
--------	-------

Lighting

Type of lamp	LED not exchangeable
--------------	----------------------

Texts

Lighting	Additional benefit by combination of 230 V inserts with an orientation light or ambient light
Installation mode	Clamp fastening
Type of connection	With Wago terminal for wiring
Wiring	Through-wiring possible, therefore also ideal for retrofitting

Suitable for

Q.x
