

SRN140

## 1-pole, 40A Modular Switch

## **Technical Features**

| Architecture  |                              |
|---|------------------------------|
| Number of poles   | 1                            |
| Neutral position  | Without neutral              |
| Type of pole  | <u>1P</u>                    |
| Electric current  |                              |
| Rated current   | 40 A                         |
| Acceptable current rating AC21 category A   | 40 A                         |
| Acceptable current rating AC21 category B   | 40 A                         |
| Acceptable current rating AC22 category A   | 40 A                         |
| Acceptable current rating AC22 category B   | 40 A                         |
| Rated short-circuit making capacity lcm under 240 V AC according to IEC $60947-3$   | 0.84 kA                      |
| Rated short-time withstand current lcw 1s IEC 60947                                 | 0.60 kA                      |
| Rated conditional short-circuit current Inc with fuse according to IEC/EN 60669-2-4 | 6000A/80A gG parallel 16A gG |
| Installation, mounting  |                              |
| Nominal tightening torque   | 2.80 - 2.80 Nm               |
| Voltage   |                              |
| Rated operational voltage Ue  | 230 - 230 V                  |
| Type voltage supply   | AC                           |
| Rated insulation voltage Ui   | 440 V                        |
| Rated impulse withstand voltage Uimp  | 6000 V                       |
|   |                              |
| Capacity  |                              |
| Number of modules   | 1                            |
| Safety  |                              |
| Ingress Protection (IP) class   | IP20                         |
| Frequency   |                              |
| Frequency   | 50 - 60 Hz                   |
|   |                              |
| Dimensions  |                              |
| Height  | 83 mm                        |
| Width   | 17.50 mm                     |
| Depth   | 68 mm                        |
| Dimensions  | 83 x 17.50 mm                |
| Equipment   |                              |
| Number of NO contacts   | 1                            |
| Number of NC contacts   | 0                            |
| Use conditions  |                              |
| Operating temperature   | -20 - 70 °C                  |
| Storage/transport temperature   | -40 - 80 °C                  |
| Connection  |                              |
| Cross-section flexible conductor  | 2.5 - 16 mm²                 |
| Cross-section rigid conductor   | 2.5 - 25 mm²                 |
| Endurance   |                              |
| Number of mechanical operations   | 60000                        |
| Electrical durability at nominal load in AC21 in operating cycles                   | 5000                         |
| Number of mechanical operations   |                              |

Electrical durability at nominal load in AC22 in operating cycles

5000

| Power  |                  |
|--|------------------|
| Total power loss under IN                    | 1.10 W           |
| Power loss per pole at In                    | 1.10 W           |
| Connectivity                                 |                  |
| Top connection alignment for modular devices | Aligned terminal |
| Sustainability                               |                  |
| REACh-SVHC free                              | Yes              |
| RoHS conform                                 | Yes              |
