

HXA005H

Shunt trip 380-450V AC (x160-P160-x250-P250-x630-P630)

Technical Features

Power

Inrush power absorbed	2.93 VA
-----------------------	---------

Safety

Ingress Protection (IP) class	IP4X
-------------------------------	------

Voltage

Command voltage AC	380 - 450 V
--------------------	-------------

Command voltage DC	0 - 0 V
--------------------	---------

Rated operational voltage Ue	380 - 450 V
------------------------------	-------------

Rated operational voltage in DC	0 - 0 V
---------------------------------	---------
