

HXA051H

UVR delayed 24V DC (x160-P160-x250-P250-x630-P630)

Technical Features

Power

Inrush power absorbed	0.56 VA
-----------------------	---------

Safety

Ingress Protection (IP) class	IP4X
-------------------------------	------

Voltage

Command voltage AC	0 - 0 V
--------------------	---------

Command voltage DC	24 - 24 V
--------------------	-----------

Functions

Delayed	Yes
---------	-----
