

HXE019H

UVR 200-240 V DC (h800-h1000-h1600)

Technical Features

Power

|                       |         |
|-----------------------|---------|
| Inrush power absorbed | 0.70 VA |
|-----------------------|---------|

Safety

|                               |      |
|-------------------------------|------|
| Ingress Protection (IP) class | IP4X |
|-------------------------------|------|

Voltage

|                    |             |
|--------------------|-------------|
| Command voltage AC | 0 - 0 V     |
| Command voltage DC | 200 - 240 V |

Functions

|         |    |
|---------|----|
| Delayed | No |
|---------|----|

Sustainability

|                 |     |
|-----------------|-----|
| REACH-SVHC free | Yes |
| RoHS conform    | Yes |
