## **Product Datasheet** LF316G

LF316G

Cylindrical fuse-links for industrial applications 10x38mm gG 16A 500V AC 120kA

## **Technical Features**

Fuse	
Fuse characteristics	gG
Fuse size	10.3 x 38
Electric current	
Rated current	16 A
Power	
Total power loss under IN	1.60 W
Main electrical attributes	
Rated short-circuit breaking capacity Icn AC according to IEC 60898-1	120 kA
Voltage	
Type voltage supply	AC
Nominal voltage	500 - 500 V
Architecture	
Curve	С
Sustainability	
Halogen free	Yes
REACh-SVHC free	Yes
RoHS conform	Yes
