

Flush mounting

80040001

Bus coupling unit flush-mtd, ext. temp. sensor, KNX

Technical Features

Setti	ngs	

Supported configuration mode	ETS
	easy

Connectivity

With bus system KNX radio	No
Mounting type	Claw mounting
	Screw connection

Use conditions

Mounting on

Operating temperature	-5 - 45 °C
-----------------------	------------

Installation, mounting

Voltage	
Operating voltage over bus	21 - 32 V

Dimensions

Built-in depth	32 mm

Materials

Material	Metal
	Plactic

Texts

Protection	With dust protection flap for user interface (AST)
Temperature	Additional connection for external temperature sensor

Sustainability

RoHS conform	Yes
