

85221100

Blind insert comf, electronics

Technical Features

Voltage

Operating voltage 230 - 230 V

Frequency

Frequency 50 - 60 Hz

Use conditions

Operating temperature -5 - 45 °C

Dimensions

Built-in depth 32 mm

Texts

Switch mode	With 2 mechanically and electrically mutually-locked relay contacts
Extension unit input	With 230 V extension unit inputs for up and down
Junction	Circuiting of extension units push-buttons for blinds, blind inserts, key push-buttons for blinds
Type of connection	With screw terminals
