Push-button 4gang, lab. field, + RGB LED, internal temp. sensor, KNX - K.5, al.

Technical Features

REACh-SVHC free

RoHS conform

Sustainability	
Temperature	Integrated temperature sensor with output of the measured values via object
Protection	With dismantling protection
Function	Function for manual interruption of automatic functions already triggered
Texts	
With display	No
Screen	
Has labelling field	Yes
Accessories Has labelling field	Voo
Surface finish	Matt
Material	Thermoplastic
RAL code	9006
Colour	Aluminium
Materials	
With LED indication	Yes
Controls and indicators	
Number of actuation points	8
Equipment	
Depth	14.35 mm
Width	66.80 mm
Height	25 mm
Dimensions	
	165
Functions With room temperature controller	Yes
	20110
Bus current consumption data transfer	er 20 mA
Electric current	
Operating temperature	-5 - 45 °C
Use conditions	
Mounting on	Flush mounting
Installation, mounting
