

TYMS646T

## Verwarmingsactor 6-voudig, KNX Secure, 24/230 VAC

### Technische karakteristieken

#### Connectiviteit

|                       |     |
|-----------------------|-----|
| Met bussysteem KNX RF | Nee |
|-----------------------|-----|

#### Spanning

|                     |           |
|---------------------|-----------|
| Netspanning via bus | 21 - 32 V |
|---------------------|-----------|

|              |             |
|--------------|-------------|
| Hulpspanning | 110 - 230 V |
|--------------|-------------|

#### Elektrische Stroom

|                    |        |
|--------------------|--------|
| Max. schakelstroom | 0,16 A |
|--------------------|--------|

#### Afmetingen

|                         |   |
|-------------------------|---|
| Aantal breedte-eenheden | 4 |
|-------------------------|---|

#### Duurzaamheid

|              |    |
|--------------|----|
| RoHS conform | Ja |
|--------------|----|
