

WBMSLL

Mechanism slave module with LED indicator

Technical Features

Frequency

Frequency	50 - 50 Hz
-----------	------------

Materials

Material	Polycarbonate (PC)
----------	--------------------

Dimensions

Height	24 mm
--------	-------

Use conditions

Operating temperature	5 - 40 °C
-----------------------	-----------

Capacity

Number of modules	1
-------------------	---

Texts

Installation mode	RotoLoc®
Type of connection	With screw terminals
Operation and control	No Bluetooth interface

Sustainability

Halogen free	Yes
REACH-SVHC free	Yes
RoHS conform	Yes
