

WBMSLL

Mechanism slave module with LED indicator

Technical Features

Frequency

Frequency 50 - 50 Hz

Materials

Material Polycarbonate (PC)

Dimensions

Height 24 mm

Use conditions

Operating temperature 5 - 40 °C

Capacity

Number of modules 1

Texts

Installation mode RotoLoc®

Type of connection With screw terminals

Operation and control No Bluetooth interface

Sustainability

Halogen free Yes

REACH-SVHC free Yes

RoHS conform Yes
