## Product Datasheet JKD2884TM

JKD2884TM

## 200A Power/Lighting/Mechanical Board 8/8/4 Way Pan Assemblies Modbus

## **Technical Features**

| Installation, mounting        |                  |
|-------------------------------|------------------|
| Mounting on                   | Surface mounting |
| Aughthortung                  |                  |
| Architecture  Number of poles | 3                |
| Number of poles               |                  |
| Functions                     |                  |
| Has protection main switch    | Yes              |
| Overvoltage protection        | No               |
| Capacity                      |                  |
| Number of modules             | 60               |
|                               |                  |
| Electric current              |                  |
| Rated current                 | 200 A            |
| Dimensions                    |                  |
| Depth                         | 165.50 mm        |
| Height                        | 1550 mm          |
| Width                         | 465 mm           |
| Thickness of sidewall         | 0.90 mm          |
| O do                          |                  |
| Cover, door<br>Interlockable  | No               |
| Door/cover is transparent     | Yes              |
| Dod/cover is transparent      | 103              |
| Materials                     |                  |
| RAL code                      | 7035             |
| Material                      | Steel            |
| Installation, mounting        |                  |
| Suitable for outdoor usage    | No               |
|                               |                  |
| Connection                    |                  |
| Number of accessible phases   | 3                |
| Equipment                     |                  |
| With energy meter             | Yes              |
| Extension possible            | Yes              |
|                               |                  |
| Safety                        | 1/05             |
| Impact resistance IK          | IK05             |
| Ingress Protection (IP) class | IP30             |
